

Bus Pick Up / Parking / Runner Drop Off Map

There are a few great options for parking on race morning (Sunday).

1. You can park or be dropped off at the Adams Center (or close by) and load the buses. Following the race, you will be able to walk along the Kim Williams Trail back to your car at the Adams Center. This will allow you to loosen your legs up following the race.
2. You can park downtown on the streets or in one of the parking garages. On-street parking and the parking garages offer **FREE** parking on Sunday morning. After parking, you can walk to the Adams Center and load the buses. You can find both parking and garages on the map.

»» Due to lack of parking at the start of the half and full marathon, **ALL participants** must take the buses to the start of the half and full marathon.

»» Buses will run from **4:15am-5:15am**; please allow yourself plenty of time for parking. We suggest you load one of the earlier buses.

»» **NEW** and improved bus pick up location! Bus pick up will be at the University of Montana's Adams Center (1/2 mile walk from finish area). We will be able to load multiple buses at once this year!
