

Bus Pick Up/Parking/Runner Drop Off Map

There are a few great options for parking on race morning (*Sunday*).

1. You can park or be dropped off at the Adams Center (*or close by*) and load the buses. Following the race, you will be able to walk along the Milwaukee Trail back to your car at the Adams Center. This will allow you to loosen your legs up following the race.

(*Note: Due to construction, the Madison Street footbridge is closed for 2017. Please use the Higgins Bridge or Van Buren footbridge to access the Milwaukee Trail*)

2. You can park downtown on the streets or in one of the parking garages. On-street parking and the parking garages offer **FREE** parking on

Sunday morning. After parking, you can walk to the Adams Center and load the buses. You can find both parking garages on the map.

» Due to lack of parking at the start of the half and full marathon, **ALL participants** must take the buses to the start of the half and full marathon.

» Buses will run from **4:15am-5:15am**; please allow yourself plenty of time for parking. We suggest you load one of the earlier buses.

» Bus pick up will be at the University of Montana's Adams Center (*Less than a mile walk from finish area*). This location allows for loading multiple buses at once. Thank you University of Montana for again hosting our bus pick up!
